— PENNA. GROWN RUTGERS SEED —

WE NEVER BUY SEED ELSEWHERE AND RESELL IT UNDER OUR SEAL AS GLICK'S SEED. However, as one of our regular customers learned we could not take care of their requirements this year, owing to our short yield, they saved seed for themselves from a crop grown from GLICK'S IMPROVED STRAIN of RUTGERS this year, even though they could not anticipate their need of it in time to apply for State Certification on these fields. We asked for an option on some of this seed for the benefit of "Our Folks" who may need it during this emergency shortage of Good Rutgers seed, with the understanding that they save seed only from fields planted to our Improved Strain of Rutgers. The seed is CERESAN TREATED and packaged under the name of NORTHERN SEED GROWERS. ORDER EARLY if you need any as the supply is limited.

Oz. 50c; $\frac{1}{4}$ -lb. \$1.75; Lb. \$6.50; 10-lb. \$6.00 lb.
25-lb. \$5.50 lb.
